

## PEP-Project

One Field  
One Pipeline  
One Problem  
**H<sub>2</sub>S**

**Client**  
Offshore Operator

**Location**  
West Africa

### High Salinity FW

> 300,000 TDS

### H<sub>2</sub>S

Historically Scavenged  
> 3-yrs

### PEP

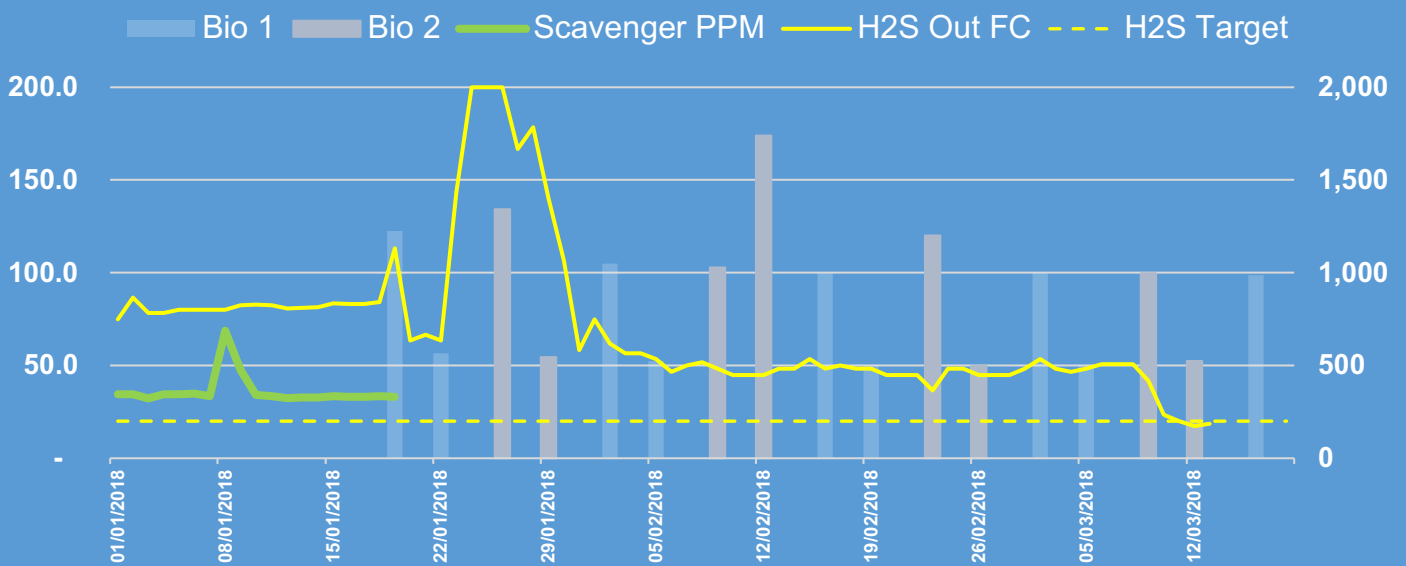

Treat the cause  
not the symptom

Despite the belief that bugs cannot survive such harsh environments

**Results speak for themselves: w/o Scavenger > 200.....now <25ppm**

## THE RESULT

Eliminated need for Scavenger  
Achieved lowest ever H<sub>2</sub>S in < 3-m
